

KPA Postgraduate Course Series

Non-Invasive Ventilation - 2020

An academic initiative of KPA in association with RESMED

About the Course:

This is the first in the series of 'KPA Postgraduate Course', an interactive postgraduate program, designed in such a way that learning happens through engaging the postgraduates in group discussions and hands-on experience. They are aimed at providing a thorough understanding of the non-invasive ventilation and enhance practical learning for immediate application of skills thus obtained through the course.

This program will be conducted in every medical college of Karnataka providing postgraduate course in Pulmonary Medicine.

Highlights of the program:

- Topics: Patient selection, NIV interface & modes, Initiation, monitoring & trouble shooting
- Learning through workstations
- Case based problem solving and discussions
- Certificate of participation on course completion

Dr. K. S. Satish

KPA President

Dr. Huliraj Narayanaswamy

KPA Hon. Secretary

Note: Kindly contact Dr Huliraj Narayanaswamy (KPA Secretary), to organise this program in your college
